

Calibration Certificate

applicant: Faizan Steel, S.I.T.E. Karachi

object: stationary optical emission spectrometer
Type « Belec In-Spect »

producer: *belec* Spektrometrie Opto-Elektronik GmbH
Hamburger Str. 12
D- 49124 Georgsmarienhütte

serial no.: 150610

result: We certify that the above mentioned optical emission spectrometer has been calibrated for Steel. The calibration has been carried out with certified reference standards (CRM's) which correspond to international traceable standards. The instruments achieved during the final test high accuracy and good reproducibility according to the current state of the art. This could be ascertained at the basis of our conducted service and measurements with certified control samples.

Georgsmarienhütte, 21.09.2015
